

RUST VETO®377

Raises Water off Wet Metal to Prevent Rust with a Very Thin Film

DESCRIPTION

Polar-type, water displacing **RUST VETO 377** actually raises water off wet metal to coat the entire metal surface with an economical, long-lasting film. It slides under the most microscopic drops of water to spread a thin film of almost colourless rust preventive.

RUST VETO 377 is a real multi-purpose product. Use it across the board for indoor protection of critical surfaces or for packaged materials. Examples are hardware, ball bearings, dies, tools, fixtures, gauges, polished steel, phosphatised surfaces and idle or stored machinery.

HOW TO USE

RUST VETO 377 is used neat. It can be used in spray applicators and most commonly used in various dip applications.

TYPICAL VALUES

Product Appearance	Brown Thin Solvent
Film Character	Soft
Flash Point (COC)	> 38°C
Specific Gravity @15°C	0.830 kg/L
Water Separation	15 minutes
Drying Time	30 minutes
Protection Indoors	12 months
Protection Outdoors Covered	6 months

FEATURES

- Displaces water
- Excellent coverage reduces cost
- Compatible with lubricants
- Easy to remove
- Use with wet metal: Metal doesn't need to be completely dry when **RUST VETO 377** is applied.
- Economical: Fine film and attraction for metal make **RUST VETO 377** "creep" across the metal's surface, spreading over a large area.
- Ideal for bi-metals: Can be used safely with many combinations of ferrous or non-ferrous metals and alloys with no reaction.
- Long-lasting film: **RUST VETO 377** has an anti-oxidant additive. It won't break down and corrode metal. Resists oxidation even under long-term storage. Its affinity for metal means the film adheres to the

SHELF LIFE & AVAILABILITY

Under normal conditions the recommended shelf life for **RUST VETO 377** is a minimum of Twelve (12) months, **RUST VETO 377** is available in Pail, Drum or Tote. Other sizes may be available upon request, please contact your Houghton sales representative.

HEALTH AND SAFETY

Refer to MSDS for proper handling and disposal. Please note that the MSDS includes handling, health and disposal information which should be passed on to your employees, and to anyone else who comes in contact with our product. Additional advice can also be obtained from your local Houghton representative.

NOTE: Read and understand all precautions on container
